- Tap **Search** to search for a specific title or to see the Most Popular Videos.
- Tap **Browse** at the bottom of the page to browse by type of film and subject.
- To learn more about a specific title, tap the cover. You can read a synopsis, find more details, add to your **Watchlist**, or start watching the movie.

- When you find a title you would like to watch, just press the **Play** icon on the video.
- To view titles you have borrowed, tap **My Lists** at the bottom of the screen.

Watch

- While watching a movie, you can tap the screen to view the option to pause, rewind 30 seconds, scroll through the movie, or add closed captioning.
- If you do not finish the movie, Kanopy will save your spot. You can reopen the app, tap **My Lists** at the bottom of the screen, and resume your movie.

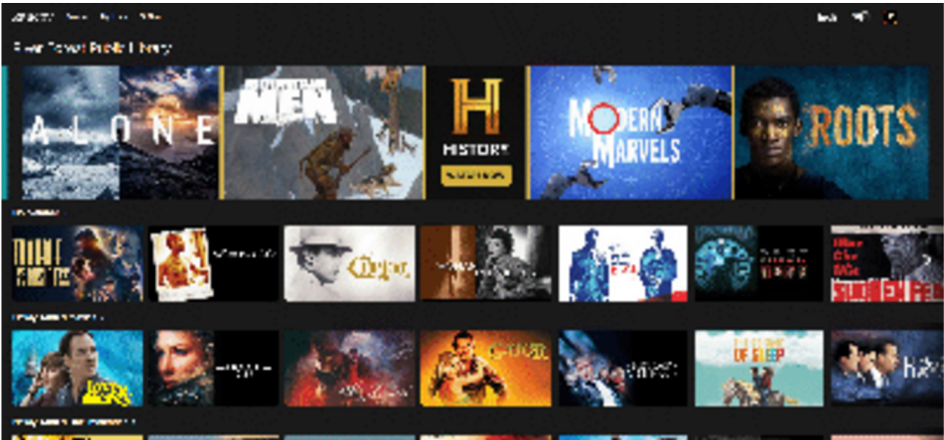

Tips

- Tickets are used to play videos on Kanopy. Each month, you receive **36 tickets** from your library. Your tickets reset on the first day of the month, and unused tickets don't roll over to the next month.
- As you browse for titles, you'll see the number of tickets required to watch each title and how long you have to watch it. For episodic titles, like TV series and The Great Courses, you'll also see what content the tickets unlock (e.g., "Season 1" or "all").
- Videos are immediately available for play, no wait lists or holds.
- **Kanopy Kids** titles do not require any tickets.
- You do need an Internet connection in order to play videos. They cannot be downloaded.
- Tap **More** to manage your account, go to **Kanopy Kids**, **Link Your Device**, and view **Settings**.
